In re Application of

Application No. 10/041,124
Filed: January 8, 2002
Attorney Docket No. CRD-0903

:
: DECISION ON PETITION
: UNDER 37 CFR 1.78(a)(3)
:
:

This is a decision on the petition under 37 CFR 1.78(a)(3), filed October 6, 2004, to accept an unintentionally delayed claim under 35 U.S.C. §120 for the benefit of the prior-filed applications.

The petition is **DISMISSED**.

A petition for acceptance of a claim for late priority under 37 CFR 1.78(a)(3) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after the expiration of the period specified in 37 CFR 1.78(a)(2)(ii). In addition, the petition under 37 CFR 1.78(a)(3) must be accompanied by:

- (1) the reference required by 35 U.S.C. § 120 and 37 CFR 1.78(a)(2)(i) of the prior-filed application, unless previously submitted;¹
- (2) the surcharge set forth in § 1.17(t); and
- (3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(2)(ii) and the date the claim was filed was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional.

The instant application was filed on January 8, 2002, and was pending at the time of filing of the instant petition.

¹ Any nonprovisional application or international application designating the United States of America claiming the benefit of one or more prior-filed copending applications or international applications designating the United States of America must contain or be amended to contain a reference (amendment to the first line of the specification following the title or in an application data sheet (ADS)) to each such prior-filed application, identifying it by application number (consisting of the series code and serial number) or international application number and international filing date and indicating the relationship of the applications. Cross references to other related applications may be made when appropriate (see § 1.14).

The reference to the prior-filed applications was not included in the manner specified in 37 CFR 1.78(a)(2)(i) (i.e., in an ADS or in an amendment to the first sentence following the title of the specification) or filed within the period specified in 37 CFR 1.78(a)(2)(ii).

The instant petition does not comply with item (1).

In comparison with the Application Data Sheet and the Amendment submitted with the instant petition, the cross-reference to the related applications in the amendment reads different from the reference in the application data sheet. Also, page two(2) of the petition reads different from the above reference. Accordingly, it is not clear how petitioner intends for the reference to the related applications be amended to read.

For the above-noted reason, the petition under 37 CFR 1.78(a)(3) cannot be granted.
